There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo Ohio.

## I SAY—ALL MEN ARE EQUAL

before the law—but it costs money to go to law. You need not go to law to get full value of your products. If you weigh them on your own scale, buy the best and your word is law. Buy from me because for forty-six years I have been fighting for you against trusts and dealers alike, who say that because I think your money should buy as much as any dealer's, they will put me out of business. We need no agents you and I. When you tell me what scale you need I will offer you mine on approval—guaranteed to suit—warranted to be standard and at the same price that your dealer would pay me. No better scale is made—no good scale is sold for less. My offer is free and saves you money.
